

Humboldt Kolleg One Page Extended Abstract Template (Title Should Be Centered 14 pt. Bold Type, with Title Case, Formatting – Elements and Acronyms Should Be Capitalized)

Author name(s) [10-point type, centred, bolded]

Author's affiliation and full address (8-point type, centred, italicized)

F. Author¹, S. Author²

¹*The institution of the first author*

²*The institution of the second author*

This is a simple L^AT_EX template of the one page extended abstract for submissions to be used for an abstract of your presentation at the Humboldt Kolleg on Synthetic Quantum Matter, www.hk23.ff.vu.1t. If more than one author is listed, the name of the presenting author should be underlined in the list of authors. **Paper size should be A4 format (210 mm x 297 mm). Margins should be set for a 2.5 cm top, bottom, left, and right. For text fonts: use only 10pt Times (roman, bold or *italic*), and Symbol. Sans Serif Fonts such as Arial can be used in Figures. Include all equations, drawings, figures and references within the **one page limit**. Avoid asterisks, acknowledgements, job descriptions or footnotes. **Do not add page numbers.****

The book of abstracts will be published online at the conference website (www.hk23.ff.vu.1t) a few of days before the Conference. The abstracts should be available online for an unlimited time after the Conference.

The organisers advise to use this template. Yet it is not compulsory. You can also submit an abstract as an **A4 PDF document** produced using other methods.
